DIAMOND SCREENING SERVICES

FOR MOUNTED SMALL STONE/MELEE SIZE

A PASS RESULT - indicates that the diamond is a natural Type I- this equipment does not test for HPHT treatment.

REFER RESULT - requires advanced testing (see below) for a definitive result to determine whether the stone is a rare Type IIa diamond or a Laboratory Grown diamond.

PLEASE NOTE This "screening only" service does not identify treatments such as fracture filling, laser drilling, internal drilling, coating or HPHT treatment. An additional service/charge is available to detect these treatments as part of a Mini Diamond Report.

	VERBAL PRICE
1 to 2 Stones (solitaire ring/pendant/stud earrings)	£ 9.00
3 to 10 Stones	£ 14.00
11 to 30 Stones	£ 22.00
Over 30 Stones	£ 29.00
Special Items (e.g. wristwatch)	P.O.A
A4 Written Diamond Screening Report with photograph (natural, refer or laboratory grown result only)	£ 14.00

ADVANCED TESTING

This advanced test is the only test that will give you a definitive result as to whether the stone is a rare natural diamond type II or a laboratory grown diamond. Please note that this type of service does not identify treatments like fracture filling, laser drilling or coating.
